Reading - Help Your Child Read!

The best way to help your child enjoy reading and improve their vocabulary is to read to them and with them. This is the cornerstone of their education and the key to a positive future. *"This is only my opinion but if you want to mitigate learning loss from the pandemic for your child (or any child) read aloud to or with them from a challenging & engaging book at or slightly above their comfort range for independent reading as much as you possibly can."* Doug Lemov
