## Reading - Help Your Child Read!

The best way to help your child enjoy reading and improve their vocabulary is to read to them and with them. This is the cornerstone of their education and the key to

a positive future.

*"This is only my opinion but if you want to mitigate learning loss from the pandemic for your child (or any child) read aloud to or with them from a challenging & engaging book at or slightly above their comfort range for independent reading as much as you possibly can."* Doug Lemov

## Prayer of Thanks

God of Love,

I thank You for the people in my life who are easy to love. I thank You for my family and friends who understand my actions, who support me in my decisions, and whose presence can lift the burden of a thorny day. Help me with those who are difficult to love. But then let me remember your attitude toward them, and lead me to see them in the light of Your love.
